oh... THAT BG!

Yep. That's us.
The BG in the great state of O-H-I-O!

The funky little college town up north. The small city with the great big ideas. And we're ready to share everything we have to offer with the world.

Bowling Green is full of personality, places to go, and plenty of opportunities for all. Visit us and shop the boutiques, grab a meal at our legendary eateries, or see a show at BGSU. Get a little green and explore the first wind farm in Ohio. Walk the trails. Get sporty. Swing a club... there are plenty of places to breathe a little fresh air. This town is green for miles.

Have a need to gather? Bowling Green has plenty of venues available... some that accommodate intimate groups and others that can hold thousands of attendees. We're ready. We're welcoming by proclamation. And we are here to serve big thinkers and performers of all kinds.

STOP OFF

Traveling? BG is the perfect place to plan a stop off. Take some time to enjoy a great meal, explore the town and rest your weary head. We're located in Northwestern Ohio, along the I-75 corridor and just a 1 hour drive from the Great Lake Erie.

While you're here, be sure to head downtown. Main Street is full of interesting historic architecture, legendary eateries, and boutiques, both new and old. We're proud that some of our and mom and pop shops have been around for generations. And be sure to save enough time to visit one of the oldest vinyl record stores in Ohio...it has been providing the soundtrack to our lives in BG since 1971!

Bowling Green is within a two hour drive from multiple metropolitan areas, making it a perfect day trip for your friends and family, or destination for your next group outing or company event.
